

01/06/2020

A bonus mid-week issue folks

- Attached is the June digital edition of the **Roxwell Recorder**. Some interesting bits in there and note the vicars guidance for those who may be feeling a little down and depressed during lockdown. You are not alone.
- Also a parishioner has reminded me to forward the Essex Police Watch News (see below) which has advice for **anyone concerned about being contacted by scammers pretending to be part of Track and Trace**. This comes out weekly, and if you would like your own emailed copy drop a line to Terry Fowles.

Subject: FW: Essex Watch News and EFAS 29/05/2020 - Chelmsford & Maldon

Good Afternoon

Please find the attached activities from Essex Police and the following message from the Essex Fraud Alert System and news on The Crime Survey for England and Wales.

NHS TRACK AND TRACE

With the development of Track and Trace, many people have been asking for advice around how this works.

Please find below the official advice from the GOV.UK website on how the system works and advice on how to avoid being the victim of any possible scams as a result of the implementation of this system.

When we contact you

If the NHS test and trace service contacts you, the service will use text messages, email or phone.

All texts or emails will ask you to sign into the [NHS test and trace contact-tracing website](#).

If NHS test and trace calls you by phone, the service will be using a single phone number: 0300 013 5000.

All information you provide to the NHS test and trace service is held in strict confidence and will only be kept and used in line with the Data Protection Act 2018.

Contact tracers will:

- call you from 0300 013 5000
- send you text messages from 'NHS'
- ask for your full name and date of birth to confirm your identity, and postcode to offer support while self-isolating
- ask if you are experiencing any coronavirus symptoms
- provide advice on what you must do as you have been in contact with someone who has tested positive for coronavirus

Contact tracers will never:

- ask you to dial a premium rate number to speak to us (for example, those starting 09 or 087)
- ask you to make any form of payment or purchase a product of any kind
- ask for any details about your bank account
- ask for your social media identities or login details, or those of your contacts
- ask you for any passwords or PINs, or ask you to set up any passwords or PINs over the phone
- disclose any of your personal or medical information to your contacts
- provide medical advice on the treatment of any potential coronavirus symptoms
- ask you to download any software to your PC or ask you to hand over control of your PC, smartphone or tablet to anyone else
- ask you to access any website that does not belong to the government or NHS

For the full guidance/information please check the GOV.UK website - <https://www.gov.uk/guidance/nhs-test-and-trace-how-it-works>

Remember our advice

If in doubt use the A, B, C of scam awareness:

A- Never **Assume** a caller, email or text is genuine.

B- Never **Believe** a caller, email or text is genuine.

C- Always **Confirm** by contacting a trusted number, family member, friend, your bank's fraud department or the police to check if it's genuine

The Crime Survey for England and Wales, which normally operates as a face-to-face survey in people's homes has been converted to a telephone survey.

Under normal circumstances, field interviewers contact the local police force to let them know that the Crime Survey is operating in their area. The survey provides the Home Office and police forces across the country with vital data.

The Crime Survey will continue to be administered by KANTAR Public. If you have a query about the legitimacy of the crime survey then please contact the Kantar helpline (0800 051 0882).

Regards

Terry Fowles
