

4th July 2020

Hello Roxwell!

- The **Roxwell Recorder for the months of July and August** is now available online, if you don't habitually read it do give it a try, there are several new contributors, news of a discounted new house for sale in a prime position in the village, info about the church, shop and the pub, articles about freedom and responsibility, a threat to food quality and several others including a wry and amusing view of Covid Wars from our church organist.
- Also, a reminder that **Tony our vicar twice weekly conducts a short service on YouTube**. 10.00am tomorrow you can find him by searching YouTube for 'Writtle with Highwood and Roxwell churches'. Each week he has a short homily about local things and a fairly laid back shortish morning service which he does so well, talking not so much to the screen in his study but to you, in his own inimitable way.
- Also, in the Recorder is a list of all the classes for **the revived Village Produce Show to be held in September**.

Likewise in the Recorder "Never in my whole life did I think my hands would consume more alcohol than my mouth!"
